Family History looks easy when you see it on TV, but in reality things can be quite different! In this Internet age there are numerous websites and some can be quite bewildering to use and how do you know which is the best? A little learning can help and take your research further.

This one day course is not just for beginners, but also for the experienced. The topics covered will be using the internet to look at ‘Getting started - Civil Registrations - Parish Registers - Census Records – and other sources’.

The course will be led by an experienced and enthusiastic family History tutor. You will be given handouts on the topics and how to use the websites, demonstrations of the websites and then given exercises for you to practice what you have learnt.

Practicalities: There will be short breaks during each course for tea / coffee, which will be available at a small charge. You are welcome to bring a packed lunch. Parking is available and free.

Cost: £10 HGS Members and £15 non HGS members (Bookings from non-members accompanied by a completed HGS Membership Application pay the member rate.)
